

# 275/K12RM 900-1200

## REMOVABLE ANTITERRORISM BOLLARDS

The removable 275/K12RM bollards are typically used to prevent the parking, transit and access of unauthorised vehicles in sensible sites.

It is advised that the removable bollard is used only if the amount of daily movements is limited (if not, the automatic version should be used) or when the depth of installation does not allow for the installation of the automatic bollards.

Anticorrosion marine treatment

# 275/K12RM 900-1200

## AVAILABLE ITEMS

BOLLARD 275/K12RM FEV – NORMAL STEEL PAINTED equipped with standard EU lock with 2 keys

BOLLARD 275/K12RM IXV – STAINLESS STEEL (AISI 304) PAINTED equipped with standard EU lock with 2 keys
